MT-PROPELLER ENTWICKLUNG GmbH

**FLUGPLATZSTRASSE 1
94348 ATTING
GERMANY**

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and environmental protection requirements when operated within the conditions and limitations specified below:

Original Type Certificate Number: EASA.A.586

Type Certificate Holder: ALENIA AERMACCHI S.P.A.

Type: F260

Model: F260, F260B, F260C, F260D

Original STC Number: LBA SA1263

Description of Design Change:

Installation of 3-blade constant speed propeller MTV-9-B/188-50 on Alenia Airmacchi F260 series

EASA Certification Basis:

The Certification Basis (CB) for the original product remains applicable to this certificate/ approval.

This certificate/ approval involves a change to the requirements for environmental protection or a change to the certified noise or emissions levels:

CS-36 Amdt. 3 and FAR 36 Amdt. 30

See Continuation Sheet(s)

For the European Aviation Safety Agency

Date of Issue: 27 October 2015

Yves MORIER

**Head of General Aviation and
Remotely Piloted Aircraft Systems (RPAS)**

SUPPLEMENTAL TYPE CERTIFICATE - 1005270 - MT-PROPELLER ENTWICKLUNG GmbH - 302829

Associated Technical Documentation:

According to MT-Propeller Master Document List No. E-2732

To be operated in accordance with MT-Propeller AFM-S Document No. E-784
or later revisions of the above listed documents approved by EASA

To be installed iaw. Installation Instructions Doc. No. E-783, or later Revisions

To be maintained i.a.w. MT-Propeller ICA Document No. E-2731, or later Revisions

Limitations/Conditions:

According limitation section of AFM-S

Prior to installation of this design change it must be determined that the interrelationship between this design change and any other previously installed design change and/ or repair will introduce no adverse effect upon the airworthiness of the product.
