Supplemental Type Certificate
IMPORT

Number: SA04067NY

This certificate issued to: MT-Propeller Entwicklung GmbH
Flugplatzstrasse 1
94348 Atting, Germany

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: A00003SE
Make: Textron Aviation Inc.
Model: LC41-550FG

Description of Type Design Change:

- 1. Installation of MT-Propeller Entwicklung GmbH's Model# MTV-14-D/195-30b 4-Blade constant speed propeller and spinner on Textron Aviation Inc. Model LC41-550FG aircraft in accordance with the configuration stated in Master Operational Manual List, Doc. No. E-2201, Rev. 2, dated March 2, 2018 or later EASA approved revision and Installation Instructions, Doc. No. E-2203, Rev. 1, dated November 2, 2016 or later EASA approved revision.

(See Description of Type Design Change continued on Page 3 of 3)

Limitations and Conditions:

- 1. The aircraft must be operated in accordance with the "Limitations" section of Airplane Flight Manual Supplement, Doc. No. E-2202, Rev. 2, dated March 2, 2018, or later EASA approved revision.
- 2. The installer must determine whether this design change is compatible with previously approved modifications.
- 3. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: January 18, 2016

Date Reissued:

Date of Issuance: March 19, 2018

Date Amended:

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Supplemental Type Certificate

(Continuation Sheet)

Number: SA04067NY

Date of Issuance: March 19, 2018

Description of Type Design Change (continued):

2. Operation must be in accordance with Airplane Flight Manual Supplement, Doc. No. E-2202, Rev. 2, dated March 2, 2018, or later EASA approved revision, and is required as part of this installation.
3. Maintenance must be in accordance with Instructions for Continued Airworthiness, Doc. No. E-2204, Rev. 0, dated July 23, 2012, or later EASA accepted revision, and is required as part of this installation.

Certification Basis:

Based on 14 CFR §21.115 and §21.101, and FAA Order 8110.48, the certification basis for this modification to Textron Aviation Inc. LC41-550FG aircraft is as follows:

- a) The type certification basis for the Textron Aviation Inc. LC41-550FG aircraft as shown on TCDS A00003SE for parts not changed or not affected by the change.
- b) The type certification basis for the Textron Aviation Inc. LC41-550FG aircraft as shown on TCDS A00003SE for parts changed or affected by the change with the following exception:
 - Compliance with 14 CFR Part 36 at Amendment 36-30.

-----END-----

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
